To whom it may concern,

This is a letter of recommendation for Tom Vasselli and College Works painting. When we first contacted Tom, he was quick to return our call and set up an appointment for the estimate. He made many trips to our house as we finalized the colors and other details. He was always accessible if we had any questions.

Tom and his crew were all polite, conscientious and very hard workers. They came when they said they would, always let us know the plan and stayed into the evening to complete the day's tasks. Tom is very detailed and organized, managing several paint crews at the same time and helping wherever he was needed to get the job done.

We had a great experience with Tom Vasselli and College Works painting. They did a fantastic job and we would recommend them to anyone.

Sincerely,

Julie Bown
